Gentlemen:

The attachments are self-explanatory of a National Coin Week Exhibit on Fractional Currency I placed in the Bank of California, Colton Ave., Redlands, California. The exhibit was on display from April 18 through April 29th.

The two girls pictured are bank employees and assisted me in the placement of the exhibit, their names are Sue Ferris, secretary and Janice Thompson, bank clerk. The girls advised me about 500 people traffic their branch bank in any given day. They received many inquiries about the currency and had many fine compliments on the display. The bank officials invited me to display again next year.

Thank you for the proper certificates, I will happy to present them to the non-numismatic individuals along with their pictures.

Sincerely,

*Virginia M. Hall*
